INTRODUCTION

This document serves as the foundation for maintaining a clear, consistent, and aligned brand presence across all platforms and touchpoints. These guidelines have been created to ensure that anyone representing Align & Co—whether internally or externally—communicates the brand with clarity, cohesion, and intention.

By adhering to these standards, you help preserve the integrity of our visual and verbal identity, creating a seamless and professional experience that builds recognition and trust. This guide is your go-to resource for understanding how to use our brand elements correctly, confidently, and creatively—while staying true to the essence of Align & Co.

Consistency isn't just aesthetic—it's strategic. These guidelines are how we stay in sync, protect our presence, and express our brand at its highest level.

POSITIONING STATEMENT

At Align & Co, we specialize in crafting branding that feels as intentional as it is inspired—authentic, cohesive, and strategically refined to reflect the very essence of your business. We believe branding is more than just aesthetics; it's the soul of your story, the thread that ties your purpose to your presence. Through a seamless fusion of authenticity, creativity, and precision, we align your brand's voice, visuals, and strategic direction to create an identity that not only captivates but endures. With deep expertise and an intuitive approach, we bring clarity to complexity, consistency to communication, and intention to every touchpoint.

The result? A brand experience that resonates deeply, stands confidently, and grows sustainably—making Align & Co the trusted partner for businesses seeking an elevated, purpose-driven presence in an ever-evolving world..

TYPOGRAPHY

At Align, our typography reflects the balance between elegance and modern functionality, reinforcing our brand’s identity.

Playfair Display: A refined serif typeface, Playfair Display conveys sophistication, timelessness, and a strong editorial presence. Its high-contrast strokes and classic appeal evoke a sense of heritage and craftsmanship, aligning with our focus on intentional and well-crafted design.

Montserrat:A clean, modern sans-serif, Montserrat adds a contemporary and approachable touch to our brand. Its geometric structure ensures readability and versatility, symbolizing innovation, clarity, and adaptability—key elements in our consulting approach.

Together, these typefaces create a dynamic contrast, blending tradition with modernity. Playfair Display adds a sense of artistry and refinement, while Montserrat grounds our communication in clarity and functionality. This balance embodies Align’s philosophy: thoughtful, timeless, and forward-thinking design.

IMAGERY

For Align & Co, the imagery should exude a refined, polished aesthetic —clean, cohesive, and aspirational, much like high-end Pinterest mood boards. The visuals should focus on sophisticated photography, strategic compositions, and a curated feel that aligns with luxury branding. This ensures a seamless, professional look without relying on graphics or illustrative elements.

Image references attached here are examples for general imagery to be used for branding, website and promotions.

IMAGERY

Align & Co's visual identity should embody a refined, polished aesthetic—clean, cohesive, and aspirational—mirroring the elegance of high-end Pinterest mood boards. Imagery across branding, website, social media, and promotions should focus on sophisticated photography, strategic compositions, and a curated, editorial feel, steering clear of graphics or illustrations to maintain a luxurious, professional tone.

WRITING TONE

Align & Co's writing tone will be a balanced blend of professionalism and warmth—formal yet approachable, reassuring yet authoritative. The brand's voice should convey expertise and reliability, ensuring clients feel confident in their decision to work with us. While maintaining a polished and knowledgeable tone, our messaging will also feel grounded and personable, reinforcing that we are not only experts in branding and marketing but also partners invested in our clients' success.

EXPRESSION & VOICE

Align & Co is where purpose meets polish. We express branding as a harmonious blend of strategy and soul—elevated, intentional, and distinctly aligned. Our voice is grounded yet aspirational, professional with warmth, and always rooted in clarity. Visually, we embrace minimalism with depth, using curated photography, refined compositions, and a cohesive aesthetic that speaks luxury without shouting. Every element, from tone to typography, is curated to evoke trust, confidence, and creative precision. We don’t just build brands—we bring them into alignment with their highest potential.

GLOSSARY

File Formats & Their Uses

- EPS (Encapsulated PostScript): A vector file format often used for logos and print materials. Maintains quality at any size and supports transparency. Ideal for high-resolution print output.
- TIFF (Tagged Image File Format): A lossless raster format commonly used for high-quality images and scans. Ideal for print; not recommended for web due to large file size.
- JPEG (Joint Photographic Experts Group): A compressed raster image format suitable for digital use. Ideal for web and social media due to small file size but not recommended for print where quality is critical.
- PNG (Portable Network Graphics): Raster format that supports transparency. Commonly used in web and digital applications. Offers higher quality than JPEG but with larger file sizes.
- PDF (Portable Document Format): A universal file type used for sharing designs while preserving formatting. Suitable for both print and digital. Supports vector and raster images.
- SVG (Scalable Vector Graphics): A vector-based file format used for web graphics. Scales cleanly at any size and is ideal for logos or icons in digital environments.

Design Terminology

- Typography: The style and arrangement of text. Align & Co uses Playfair Display (serif) for elegance and Montserrat (sans-serif) for modern readability.
- Brand Identity: The collection of elements—logo, colour palette, typography, imagery—that represent a brand’s visual and emotional tone.
- Colour Palette: A set of defined brand colours with HEX codes, e.g., Moss (#31331E), Mahogany (#5C4A3C). Each colour carries a symbolic meaning.
- Imagery: Photography and visuals that align with a brand’s tone. At Align & Co, imagery should reflect polish, minimalism, and sophistication, avoiding illustrative or cluttered visuals.
- Logo Variations: Different approved versions of a logo for various uses (e.g., full-colour, monochrome, transparent background), ensuring consistency across platforms.
- Minimum Size Specifications: The smallest size at which a logo or element may be used without losing clarity or legibility.
- Unacceptable Logo Uses: Guidelines detailing when and where not to use the logo (e.g., over busy imagery, on dark backgrounds).
- Visual Hierarchy: The arrangement of design elements to guide the viewer’s attention, typically through scale, contrast, and spacing.
- Consistency: The practice of using design elements uniformly to maintain brand cohesion across all media and touchpoints.
